Juniper Ridge Elementary School

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

We believe all students have the potential to succeed and our responsibility is to help them achieve their potential. Our small, rural setting allows our students to achieve a personalized learning experience while maintaining home values.

Juniper Ridge offers all of the required courses for a Transitional-Kindergarten through eighth grade school. The curriculum is aligned with the state frameworks and content standards in the areas of reading, language, mathematics, science, history/social studies, health, physical education, visual and performing arts.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Ravendale-Termo District Board of Trustees holds a Public Hearing annually. At the annual meeting, the Board of Trustees determined that the students in the Ravendale-Termo School District, grades K- 8, have sufficient textbooks or instructional materials, or both, in each subject that are consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education. In addition, the Board by resolution determined that every pupil, including English learners, has sufficient textbooks or instructional materials consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education in the following subject areas: mathematics, science, history-social science, and English/language arts, pursuant to settlement the of Williams vs. the State of California (Education Code Section 60119). All students, including English learners, are given their own individual Standards-aligned textbooks and instructional materials in the core subjects for use in the classroom and to take home. The most current adoptions contain specific curriculum for technology use where teachers and students can take advantage of our many classroom computers and other internet devices.

School Facility Conditions and Planned Improvements

The school is in excellent shape as it is barely twenty years old. Recent facility improvements include an upgraded fire extinguisher system in the kitchen, installation of security cameras, and a new crack seal/overlay on the student blacktop area. During the 2015 summer, the site was shared with a BLM Command Center. Extensive work was done on improving the overall campus, including weeding, grading and planting of native vegetation. Through Prop 39 funds, the school was retrofitted with improved lighting and heating & lighting controls. District Administration utilizes the Facility Inspection Tool (FIT) developed by OPSC to survey facility needs on a regular basis. The most recent inspection was done in August, 2022.

Through the Local Control Accountability Plan (LCAP), the District prioritizes facility and maintenance needs for the school each year and provides budgetary resources to keep the school site in top condition for optimized student learning. Blinds were installed in all classrooms in the fall of 2016 through input in the LCAP process. Needed, new furniture has been added annually to improve student engagements in the working spaces. The blacktop playground was resealed and re-striped during the summer of 2018.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)					33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents are always welcome to be involved with the student learning process. They are invited to visit the school, help in classrooms, attend field trips, and participate in award assemblies and presentations. Numerous events are held throughout the year that provide opportunity for parents and the community to be a part of the learning environment. To keep parents informed about the school events, a monthly calendar is sent home. For additional information regarding parent involvement, please contact Jason Waddell at (530) 257-8200.

2023-24 School Safety Plan

The school safety plan provides for all disaster scenarios and is updated annually as required by the California Department of Education. The Lassen County Sheriff's Department shares valuable tactical information with the District to support student safety at the school during lockdowns or other emergencies. The plan was most recently updated in January 2024. The plan is discussed with all staff at the beginning of each school year. For a copy of the plan, please contact Jason Waddell at (530) 257-8200 or jwaddell@juniperridge.org.

Through the District's Local Control Accountability Plan (LCAP), student needs are identified, measured and communicated on a regular basis. With a such a small number of students at the site, each child is able to receive personalized instruction to meet their individual needs from their highly qualified and fully credentialed teacher. The school site boasts a Chromebook for each student to use during the day, access to supplemental curriculum both in the classroom and through computer interface, as well as ongoing participation in countywide learning experiences for students through the Lassen County Office of Education.

Professional Development

The major area of focus this year in the Ravendale-Termo Elementary School District is on improving student instruction using the California State Standards adopted for the core subjects. New Mathematics materials were adopted in 2014 and staff engaged in a variety of professional development related to the new program. In 2016, new English Language Arts Curriculum was adopted and staff has engaged in professional development to learn the new program. New Social Studies materials were adopted in 2019 and professional development opportunities will follow. New Science Curriculum was adopted in 2021. Although limited by our small numbers, certificated staff members in the Ravendale-Termo School District have opportunities to learn both from outside sources and from each other. These opportunities may include, but are not limited to:

- Visits to other classrooms and other schools to observe and analyze teaching
- Attendance at professional education conferences or committee meetings
- Classes/workshops offered by the District, County Office of Education, State projects, private organizations, or other appropriate agencies
- Courses in regionally accredited institutions of higher education, including courses delivered through online technologies
- Participation in professional development networks that promote inquiry and allow staff to analyze and evaluate each other's work
- Participation in educational research or innovation efforts
- Assistance from or service as a mentor teacher or consulting teacher
- Discussions and/or internships with business and community agencies for the purpose of identifying the skills, knowledge, and aptitudes necessary for specific career paths and developing meaningful career-related, workbased learning experiences
- Travel, study, and research in subject-matter content and effective educational practices
- Follow-up activities that help staff to implement newly acquired skills

Staff will continue to use any non-instructional days in their contract to familiarize themselves with new practices and materials as future program adoptions are implemented at the District.
